For the information of New Haven, the review conducted 8/29/58, by SA JOHN P. THOMAS of cancelled checks issued by the United Electrical, Radio and Machine Workers of America (UERMWA), on its accounts at the Chase Manhattan Bank, Rockefeller Plaza, NYC, and at the New York Trust Co. (UE defense fund), NYC, reflected no checks payable to FRANK DONNER.

The following security informants in the NY area were contacted on the dates indicated below for information with reference to the possibility that subject might be a CP "financial" "angel." No information was developed through these informants concerning subject's activities.

SA Attached for the information of New Haven is Photostat of  (Los Angeles) memo, dated 7/14/58, to the SAC, Los Angeles, concerning "Citizens Committee to Preserve American Freedoms; IS-C," which contains information concerning FRANK DONNER.

Through the cooperation of 

New York, who has requested that his identity be concealed, a trash cover was maintained at the 23rd Annual Convention of the UERMWA, held 9/1-5/58, at the Statler-Hilton Hotel.

NY 100-11342

On 9/5/58, this source made available to SAS JOHN P. THOMAS and RAYMOND F. MOHR material reflecting that on 9/4/58, FRANK DONNER, UE's legal counsel, addressed the convention.

The material, which was a mimeograph summary of the convention, indicated that DONNER spoke at the afternoon session, September 4, 1958, and expressed his views on certain labor-employer legislation. Items relating to DONNER are set forth below.

"DONNER charged that the NLRB has been converted into a tool of management; the so-called investigating committees are in a conspiracy with employers and certain unions to destroy democratic unions; the SACB is milking the public treasury and doing nothing.

"DONNER documented his charges with case after case where the decisions of these boards and committees were so fantastically unjust they are ludicrous. Time and time again the court has over-ruled the NLRB's biased decisions, but this, declared DONNER, does not prevent them from continuing to favor management in almost 100 percent of their rulings.

"Despite the efforts of these outfits, DONNER said that there have been significant victories in the courts and that lawyers, as are the people in the shops, are buoyed up by the changing atmosphere."

The above material appeared in the "UE 23rd Convention Summary." -RUC-

SECURITY MATTER - C

Inasmuch as the report by the House Committee on Un-American Activities captioned "Communist Legal Subversion, The Role of the Communist Lawyer" which was published 2-16-59, set forth information concerning Donner's communist activities, you should promptly reopen your case in this matter. Review your file thoroughly and conduct necessary investigation to bring this matter up to date.

In view of the subject's position as a lawyer and since he has participated as defense counsel in several Smith Act Trials, your inquiries should be most discreet and the investigation should be handled in such a manner so as to preclude the possibility of embarrassment to the Bureau.

Submit results in report form suitable for dissemination and at the same time make your recommendation as to whether Donner's activities warrant placing his name in the Security Index. Copy of above-mentioned report will be furnished you under separate cover.

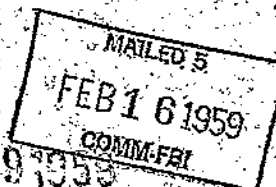

NOTE ON YELLOW:

Subject was removed from the SI 6-22-55, inasmuch as his known activities were insufficient to warrant his retention thereon. Since that time additional information has been received concerning subject's prior CP membership and his subsequent CP front activity. Subject invoked Fifth Amendment frequently when testifying before HCUA 6-28-56.

Re New Haven letter to the Bureau, dated 7/24/58, and New York letter to the Bureau, dated 9/12/58, entitled "FRANK JORIS DONNER, SM - C".

Since the initiation of investigation of DONNER as a possible Communist Party "angel", the joint special checking account of DONNER and his wife, located in the Connecticut National Bank, Washington Street, South Norwalk, Connecticut, has been monitored by A [REDACTED]. During this time, nothing pertinent to this investigation has been noted.

[REDACTED], Cashier, Connecticut National Bank, has advised that the DONNER account is constantly being overdrawn and at no times contains any large amounts. He said that it appears to be used primarily as a household and personal expense account by Mrs. DONNER and FRANK DONNER rarely writes any checks on the account. [REDACTED] said that it appears to him, from the state of the bank account and from statements which Mrs. DONNER has made to him when she visits the bank to discuss the account, that the DONNER family lives beyond their means.

Referenced New York letter reflects monitoring of the special checking account maintained by DONNER at the Chase Manhattan Bank, 18 Pine Street, New York City, which monitoring has also been unproductive.

On October 22, 1958, [redacted], [redacted], Conn., who is familiar with some Communist Party and Communist front activities in Village Creek, South Norwalk, Connecticut, in which area FOMER resides, advised SA FRANK E. WATTS that he is acquainted with FOMER; however, he has no knowledge of any participation by FOMER in the activities of the Communist Party or Communist front groups in the area or elsewhere, at the present time. b6 b7C b7D

On October 22, 1958, [redacted], Source of Information, [redacted], Village Creek, South Norwalk, Conn., advised SA [redacted] that he has known FOMER for about six or seven years as a fellow resident of Village Creek. He stated that FOMER spends very little time at his home but appears to spend most of his time in New York City, where he practices law. [redacted] said that he does not believe that FOMER is doing well financially, since his wife is always complaining on her shortage of money to run the household. [redacted] said that he does not believe that FOMER takes part in any of the Communist front group activities which have, from time to time, operated in Village Creek, and does not appear to have much to do with his neighbors, some of whom are sympathetic toward the Communist Party. b6 b7C b7D

Inasmuch, as this investigation has not developed evidence indicating that FOMER has furnished funds to the CP, USA, this case is being closed. In the event information is received indicating that FOMER is supplying funds to the CP, USA, an investigation will be instituted and the Bureau immediately advised.

NH 100-14085

DETAILS:

I. BACKGROUND

A. Residence and Employment

On March 16, 1959, NH T-1 advised that the subject resides at 30 Dock Road, Village Creek, South Norwalk, Connecticut, and commutes daily to New York City, where he is engaged in the practice of law with the firm of DONNER, KINOY & PERLIN.

II. CONNECTIONS WITH THE COMMUNIST PARTY, USA, OR COMMUNIST PARTY FRONT GROUPS

The Communist Party, USA, has been designated by the Attorney General of the United States pursuant to Executive Order #10450.

On March 16, 1959, NH T-1 advised that the subject spends very little of his time at his residence in South Norwalk, Connecticut, and that, therefore, he takes no part in any local activities. NH T-1 stated that he is aware of no current Communist Party or Communist Party front group activities in which the subject takes part in the Norwalk, Connecticut, area.

On April 6, 1959, NH T-2 advised that he is not aware of any Communist Party or Communist Party front group activities in which the subject is taking part in the Norwalk, Connecticut, area. NH T-2 advised that he is well acquainted with the subject and believes that, during the time in which he has known the subject, the latter has maintained his beliefs in Communist Party philosophies. NH T-2 pointed out that the subject, due to the pressure of his law practice, spends very little time in Norwalk, Connecticut.

III. MISCELLANEOUS

PH T-1 advised on September 3, 1957, that at the UE (United Electrical, Radio and Machine Workers of America) International Convention in San Francisco, California, August 26-30, 1957, FRANK DONNER, UE Counsel in UE SACB case and the MATLES case, gave a resume of these cases to date and said that the government witnesses in these cases had been proved to be liars and paid "stooges".

The informant advised that DONNER commented that there is a turning of the tide as evidenced by recent Supreme Court decisions. He said that it was a shame that the AFL-CIO leaders were on the wrong side of the fight to "restore our liberty and bill of rights".

Other New Haven informants who are familiar with some phases of Communist Party, USA, and Communist Party front group activities in the Norwalk, Connecticut, area were contacted during April 1959, and they indicated that they are not acquainted with the subject and have no information concerning him.

Mr. GEORGE WILLIAMS, Investigator, House Committee on Un-American Activities, advised on February 24, 1959, that subpoenas would be turned over to the United States Marshal for certain individuals to appear at hearings to be held in Pittsburgh, Pennsylvania, on March 10, 11, 12, 1959. Among these individuals was FRANK DONNER, Attorney for the United Electrical, Radio and Machine Workers of America.

A report by the Committee on Un-American Activities, House of Representatives, Eighty Sixth Congress, published February 16, 1959, entitled "Communist Legal Subversion, The Role of the Communist Lawyer", on Page 35, sets forth the following concerning FRANK J. DONNER, New York:

"FRANK DONNER was identified by a number of witnesses before this committee as a member of a Communist cell composed of lawyers employed by the National Labor Relations Board in Washington, D. C.

HERBERT FUCHS, a former Communist who had helped to organize this cell in 1937 and actively participated in it until his transfer from Washington in 1942, testified on December 13, 1955, that FRANK DONNER was one of the NLRB lawyers who joined his conspiratorial Communist group.

On December 14, 1955, MORTIMER RIEMER, another former member of the Communist cell in the NLRB, confirmed FUCHS' testimony regarding FRANK DONNER. DONNER was again identified by ex-Communist HARRY COOPER on March 1, 1956.

FRANK DONNER, on June 28, 1956, appeared as a witness

before this Committee. Although admitting he was employed by the NLRB from 1940 until 1945, in the Litigation Section; he invoked the First and Fifth Amendments when he was questioned concerning Communist Party membership and affiliations. Mr. DONNER was confronted with a United States Civil Service Commission questionnaire he had signed on June 2, 1943, while employed by the NLRB. On this official form, he had replied 'no' to a question as to whether or not he held membership in a Communist organization. Conceding that the signature was his, Mr. DONNER nevertheless invoked the Fifth Amendment when asked by the Committee if he had been 'truthful' in this statement to the United States Government.

FRANK DONNER was recently named General Counsel for the United Electrical, Radio and Machine Workers of America. This Communist controlled union, which was ousted by the CIO in 1950, is a recognized bargaining agent in many of our vital defense industries. The UE, in a recent pamphlet, described its new counsel as being 'recognized as one of the foremost authorities on NLRB law'. It failed to mention that DONNER was publicly identified as being a member of a conspiratorial Communist cell while employed as an attorney at the NLRB in the 1940s.

FRANK DONNER was one of the principal speakers at the Ninth Annual Convention of the National Lawyers Guild held in February, 1949. In 1953, he was elected a voting member of the Board of Directors at the annual meeting, and Chairman of the conference working group of the national conference of the guild to be held in October at the Barbizon Plaza. He was again elected to the Board of Directors in 1954.

At a dinner sponsored by the American Committee for Protection of Foreign Born on October 11, 1956, one of the lawyers saluted for their work aiding this Communist controlled organization was FRANK DONNER.

DONNER has on different occasions been engaged as a speaker for the Emergency Civil Liberties Committee, an organization cited as Communist controlled by the Internal Security Subcommittee of the Senate Judiciary

NH 100-14085

Committee. Speaking on such topics as 'Informers as a Means of Suppression' and 'Informers as Tools', DONNER has excoriated all individuals who have been of assistance to Congressional Committees."

The American Committee for Protection of the Foreign Born has been designated by the Attorney General of the United States pursuant to Executive Order 10450.

IV. DESCRIPTION

The following description of the subject was obtained through personal observation of the subject by SA [redacted] of the FBI on May 2, 1959, from information available in the files of the Metropolitan Police Department, Washington, D.C., and in the files of the Passport Division of the Department of State:

UNITED ELECTRICAL, RADIO AND
MACHINE WORKERS OF AMERICA

On December 20, 1955, the United States Department of Justice petitioned the Subversive Activities Control Board (SACB) for an order determining that the United Electrical, Radio and Machine Workers of America (UE) is a Communist infiltrated organization. The petition alleges that the UE was originally founded in Buffalo, New York, in March of 1936, under the name United Electrical and Radio Workers. Shortly thereafter, the name of the organization was changed to its present form. In 1949, the UE was expelled from the Congress of Industrial Organizations on the ground that its policies and activities were consistently directed toward the achievement of the programs and purposes of the Communist Party of the United States of America. The petition further alleges that the UE, through its effective management, had been actively engaged in giving aid and support to Communist organizations, foreign Communist governments, and the world Communist movement at the time the petition was filed and during a three-year period prior thereto.

SACB hearings on UE commenced in New York, New York, on May 13, 1957. These hearings were indefinitely suspended by an order of the SACB on January 10, 1958.

The "Directory of National and International Labor Unions in the United States, 1957, United States Department of Labor Bulletin Number 1222" reflects that the UE advised the Department of Labor that in 1955-1956 it represented 100,000 members in 115 local unions.

The International Headquarters of UE is located at 11 East 51st Street, New York, New York, as of May 12, 1958.

Current Bureau instructions covering HCUA hearings are that the Bureau be advised of the identity of each individual mentioned at such hearings and also advised of their subversive activity unless such information is currently in the Bureau's possession. Such data should be submitted under the individual's case caption and should contain a statement as to whether or not the individual has been the subject of Bureau investigation and as to what action is being taken on any new information developed as a result of these hearings.

In those instances where an individual has been investigated by the Bureau and the new information obtained does not warrant additional investigation, Bureau instructions are that consideration should again be given to an interview with the individual.

In those instances where an individual residing within another division is mentioned, that division must be advised of the nature of the information and of the Bureau's instructions.

Inasmuch as New York has received copies of the aforementioned pamphlets, that office is being furnished only page references concerning individuals residing within the New York Division.

The name of captioned subject appears in the aforementioned pamphlets as noted below:

Part 2, pages 394, 410, 427, 438, 447, 452, 455-460 (testimony).

Details concerning the information appearing on the above pages are set forth below so that New Haven may review same and handle in accordance with the aforementioned Bureau instructions.

Page 394 - Included in a summary of information concerning individuals who appeared at these hearings was a short resume concerning FRANK J. DONNER. This resume set forth that DONNER, "who had been identified by responsible witnesses under oath before the committee as a member of the Communist Party and who on June 28, 1956, invoked constitutional privileges in response to questions respecting his membership and activities in the party immediately prior to his appearance, testified in the instant hearings that he became general counsel to UE a short time after his appearance before the committee on June 28, 1956. Mr. DONNER denied present membership in the Communist Party, but invoked, by reference to previous testimony, his constitutional privileges in response to questions respecting past membership in the Communist Party.

Page 410 - Subject appeared as counsel for THOMAS QUINN, 4002 Berger Lane, Monroeville, Pa., a field organizer for the United Electrical, Radio and Machine Workers of America (UERMWA). Subject identified himself as FRANK J. DONNER, an attorney-at-law with an office at 342 Madison Avenue, New York City.

Page 427 - It is noted that on page 424, Part 2, RICHARD ARENS, HCUA Staff Director, included in the body of the record of these hearings "a compilation prepared by the research unit of the staff of the Committee on Un-American Activities which contains the listing of persons who now hold, or have held, in the recent past, key positions in the United Electrical, Radio and Machine Workers Union and who have by competent, live witnesses under oath been identified as members of the Communist Party." In connection with the above, the following appeared on page 427 concerning subject:

"Donner, Frank J.

"Frank Donner was identified as a member of the Communist Party by several witnesses in testimony before this committee.

"Herbert Fuchs, a former Communist, testified on December 13, 1955 that he knew Donner as a member of the Communist Party. On December 14, 1955, Mortimer Riemer, another former member of the Communist Party, confirmed Fuchs' testimony regarding Frank Donner. Donner was again identified by ex-Communist Harry Cooper on March 1, 1956.

"On June 28, 1956, Frank Donner appeared as a witness before this committee and invoked the first and fifth amendments to the Constitution in refusing to answer any questions regarding his membership in the Communist Party.

"Subsequent to his appearance before the committee in 1956, Donner was appointed general counsel to the United Electrical, Radio and Machine Workers of America. He was summoned to appear as a witness during the current hearings. His testimony will be found on page 455."

Page 438 - Subject appeared as counsel for THOMAS B. WRIGHT, Managing Editor of the "UE News" who resides at 4138 48th Street, Long Island City, New York.

Page 447 - Subject appeared as counsel for JOHN W. NELSON; 2656 Putnam Drive, Erie, Pa., President of Local 506, UERMWA at Erie.

PG 100-12478

Pages 455-460 (testimony) - Enclosed for New Haven is an autostat of subject's testimony.

The following are characterizations of THOMAS QUINN, JOHN W. NELSON and ROBERT KIRKWOOD. Pittsburgh is not in possession of a characterization of THOMAS B. WRIGHT.

In testimony before the HCUA in February, 1950, MATTHEW CVETIC, a former member of the Communist Party of Western Pennsylvania who regularly furnished information to the FBI from 1942 to January, 1950, identified THOMAS QUINN as a member of the CP assigned to carry the CP line into the UERMWA and to build the CP in that union.

In 1944, Former [] who has not been publicly disclosed and who has furnished both reliable and unreliable information in the past, advised that JOHN NELSON attended four meetings of the Erie Branch, District 5 CP, at Booker T. Washington Center, Erie, Pa., between 1/4/44 and 4/23/44.

On 5/20/59, NY 1286-S* reported that MARSHALL PERLIN confided to ISIDORE GIBBY NEEDLEMAN that some clients of his were going into the import-export business and were in need of a manager. PERLIN stated that the Soviet Union was one of the areas in which they were interested and he asked NEEDLEMAN for his assistance in finding a Russian-speaking person who would be suitable for the job. PERLIN disclosed that there were substantial business interests financing the venture and that the manager to be engaged would receive a salary of from \$125.00 to \$150.00 a week.

On 6/4/59, NY 1537-S* reported that MARSHALL PERLIN visited NEEDLEMAN's office accompanied by his law partner, FRANK DONNER. The latter spoke of "these two guys going abroad" and mentioned that "they had a package (deal)".

PERLIN revealed that one of his clients had a lot of money while the other one had a lot of machinery and was "a professional trader." PERLIN also indicated that he had been to Russia and that he had met with Prodimorg "all the way down the Line." He mentioned that he had met NIKOLAI MOURAVIEV, former head of Amtorg in the US, who had told PERLIN of knowing NEEDLEMAN.

PERLIN told NEEDLEMAN that he had seen Stanko (ph) Import, Prodimorg, Techmarsh (ph) Import (which he described as a new organization) and "the auto". He indicated that he was interested in the "Moscowitz" and "Volga" cars for import purposes. NEEDLEMAN thought this field was still open although Amtorg had asked an individual in Brooklyn, who has a Chrysler agency, to give them an idea of what he handles. PERLIN stated that he had talked to the Russians three or four hours on the subject of automobiles. He said that they were not so much concerned with getting a distributor of their product in the US as with their ability to supply adequate maintenance service and parts.

FRANK DONNER told NEEDLEMAN that he had discussed this "deal" with other people, some of whom had dealt with the Soviet Union through Amtorg, and others who had dealt directly with the Russians. He revealed that his clients planned to open an office in NY and were prepared to spend between \$1000.00 and \$1200.00 a month. He stated that the main problem was to get "this thing on the road" and to figure out how Amtorg would fit into the picture. NEEDLEMAN felt that henceforth Amtorg would not play the role it had in the 1930's and that more concerns would deal directly with the Russians for purchases from that country, though it would still be necessary to go through Amtorg for sales to the Soviet Union.

PERLIN then said that the foremost problem was to determine the most effective way of dealing with Amtorg. He said that a number of business men had told him that the best way to accomplish anything was to deal directly. NEEDLEMAN admitted that this was true and pointed out that Amtorg was not doing any business and was waiting for the day when trade would be resumed. He felt that for this reason "small fry" were coming over to work at Amtorg. He mentioned that the current President of the organization does not even speak English and pointed out that the Russians have never before sent someone over who does not know the language.

DONNER questioned NEEDLEMAN regarding items that the Russians might be interested in buying here. NEEDLEMAN said that he knew for one thing that they were interested in certain medical supplies, including some anti-biotics which have not been approved by the Dept. of Commerce for export "on the grounds that they could be used by the Russian Army." NEEDLEMAN remarked that Secretary STRAUSS, if confirmed, "certainly would be tough."

NEEDLEMAN told PERLIN and DONNER that they must figure on making most of their money on Russian imports sold here. He suggested that they could "sell a million dollars worth of crabmeat tomorrow" just by calling up a large distributor. He said that HARRIMAN in that day's issue of "The New York Times", 6/4/59, had stated that there were no more slave labor camps in Russia, in view of which the presidential proclamation forbidding the entry of goods produced by slave labor could be fought at this stage. NEEDLEMAN said that the burden of proof would be on the US Government.

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

PERLIN appeared more interested in what the Soviets might want to buy here. NEEDLEMAN told him that they have indicated that they would like to buy machinery, such as power shovels, but that "the stuff they want to buy, you can't get an export license for."

NEEDLEMAN did not think there would be any trade with Russia or China until after the 1960 elections but that this was the time to lay the foundations for future trade relations. He told PERLIN that if his client did not mind investing \$20,000.00 or \$25,000.00 now, he stood to make millions. He said they should make a real effort to get the distributorship for Russian cars. PERLIN stated that his client wanted to have an option, for which he was willing to pay, and wanted to acquire six, eight, or ten cars immediately in order to drive them over American roads and to have American mechanics check their operation. NEEDLEMAN told them that VASILY BOKIN was the person to see at Amtorg regarding cars.

The foregoing is submitted for information.

Director, FBI (100-25623) - 106

FRANK JONES BONNER
SECURITY MATTER - C

Reurlet 2-11-60.

Inasmuch as the bulk of subject's recent activity has been in the New York City area where subject maintains an office, and since it is felt that New York is in a better position to follow the activities of Bonner, the Bureau agrees with your recommendation in relet that the New York Office be made office of origin. Since all information concerning subject is in the possession of New York, it will not be necessary to submit Form FD-128, and New York is hereby being designated office of origin.

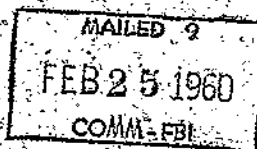

New York thoroughly review its file concerning Bonner, and specifically the leads set out in New Haven report dated 2-11-60. Any additional leads believed logical should be also considered.

2 - New York (100-11342)

NOTE ON YELLOW:

Subject is an attorney and has represented various individuals before HCUA hearings. He was also involved in the defense of the Smith Act subjects in Connecticut. Subject's office is in New York City and his contacts as indicated above are generally in the New York City area. His activities can best be followed by sources of the New York Office.

Re report of SA dated 2/11/60 at
New Haven.

The Bureau is requested to consider designating the
New York Office as origin in this matter for the
following reasons:

1. Current investigation, as reflected in this
report, indicates that subject is relatively almost
totally inactive in CP and related matters in Connec-
ticut. As will be noted by a perusal of this report,
the great bulk of current pertinent information con-
cerning subject is being received by New York sources,
inasmuch as subject's activities are taking place
almost entirely in the New York City area.

2. At the present time one of the more interesting
phases of subject's activities is his attempt to
establish business connections with the Soviet Union.
It is anticipated that in this connection subject will
in the future be in contact with various members of
the Soviet Diplomatic staff, all of whom are precluded
from traveling to Connecticut, and on whom the New
York Office already has excellent coverage. In this
same connection, subject is in frequent contact with
CP leaders and members in New York City, as reported
herein by numerous New York informants.

3. Information concerning subject's connections with
CP related organizations, such as the UERMWA, is being
received almost entirely from New York City sources.

4. Generally, it is felt that New York as origin could best monitor current activities of subject through current sources and through the normal development of additional sources in the New York area.

5. Inquiries in the South Norwalk area have indicated that subject merely uses his home as a commutation point, and has made no recent attempts to become involved in CP or related activities in Connecticut.

In the event the Bureau is in agreement with the above comments, it is noted that instant report contains all information concerning subject in the possession of this office.

By letter dated 9/8/59, the Bureau suggested that upon receipt of information indicating subject's contemplated travel abroad a memorandum be prepared embodying subject's travel plans. It is noted that information concerning subject's travel to the Soviet Union was not received until after the completion of such travel. Instant report contains all information developed to date concerning this travel.

In accordance with provisions of SAC Letter 59-66, Section I, dated 11/3/59, consideration was given to interviewing subject concerning his travel to the Soviet Union. A review of subject's file indicates that subject, an attorney, has been active for an extended period in defending CP members and representing CP front organizations. Subject's activities along these lines appear to represent a substantial portion of his income as an attorney. It is noted that subject refused to cooperate with the House Un-American Activities Committee when called upon to testify before that Committee at Pittsburgh, Pa., in 3/59. It does not, therefore, appear that an interview with subject would be productive and, accordingly, no recommendation for such interview is being made.

Inasmuch as the Bureau is being requested to consider changing origin in this matter, New Haven is not at this time commenting on the possible inclusion of subject on the Security Index.

DETAILS:

I. BACKGROUND

~~SECRET~~

A. Residence

NH T-1 and NH T-2 advised on January 19, 1960, that subject continues to reside at 30 Dock Road, Village Creek, South Norwalk, Connecticut. On February 5, 1960, NH T-3 also advised that subject currently resides with his wife and family at 30 Dock Road, Village Creek, South Norwalk, Connecticut.

B. Employment

On January 19, 1960, NH T-1 and NH T-2 advised that subject is a member of the New York City law firm of Donner, Kinoy and Perlin, with offices at Madison Avenue, New York City. Informants further advised that subject commutes to his employment on a daily basis from South Norwalk.

Informants advised on October 24, 1959, and January 19, 1960, that through casual conversations with various residents of the Village Creek community they had ascertained that in August of 1959, subject had traveled to the Soviet Union and had returned to the United States by the Labor Day weekend, 1959. Subject allegedly had made arrangements with Russian officials for a connection of an unspecified nature with a Russian company, possibly a Russian airline, which he would represent in the United States.

Informants learned that subject had not found it possible to return directly to the United States from Russia, and had gone to Paris, France, from which place he had allegedly taken a plane to either Bermuda or Mexico, then to the United States. Informants stated that they could locate no one who really knew anything specific about subject's alleged new business connection with the Soviet Union and that the most positive information they could obtain was that subject did in fact have some type of new business contact with Russia.

On February 5, 1960, NH T-3 advised that he could furnish no information about any employment of the subject in addition to the fact that he was a member of the New York City law firm of Donner, Kinoy and Perlin.

On January 25, 1960, NH T-4 advised that subject was currently employed with a New York City law firm, and that he had no information indicating any other employment for subject.

B. Attempts to Set Up Business Connection with the Soviet Union

On April 28, 1959, NH T-19 advised that according to WILLIAM ALBERTSON, a New York City law firm named Donner, Kinoy and Perlin planned to establish a bureau to organize tours to the Soviet Union and other socialist countries and would have a monopoly in this field. The firm proposed to handle specific groups such as teachers, doctors, attorneys, etc., and would collect a percentage of fees charged by travel agencies. The firm is prepared to invest capital in this operation if they secure permission from socialist countries. ALBERTSON said one of these partners, possibly KINOY, had traveled to the Soviet Union and made a proposal there and also presented their proposition to an official of the Soviet Embassy. ✓

According to ALBERTSON, the group is prepared to register as foreign agents and are primarily interested in making money. ALBERTSON claimed that if the firm needed money he would place FRANCES DAMON in their operation to guarantee the interests of the CP. ✗

ALBERTSON mentioned that EUGENE DENNIS would have to vouch for this group, but so far had refused to do so. DENNIS has advised he would want to have other additional individuals in this operation if the CP, USA approves this plan. ✗

Informant stated the proposal suggested that groups which the Soviet authorities are most anxious to invite to their country would be reached in large numbers, and suggested the establishment of a bureau or agency to solicit groups, cooperate with appropriate Soviet ministries as to activity and length of tours, and work with existing travel agencies regarding accommodations. The agency would be financed by those travel agencies authorized to book travel to the Soviet Union. ✗

EUGENE DENNIS has been described by NH T-27 as Chairman, CP, USA, 1959, having been nominated at the 17th National Convention of the CP, USA, held December 10-13, 1959, at the Hotel Theresa, New York City. (X)

On September 6, 1956, NH T-26 advised that [redacted] had advised him at many different times that she was a member of the CP. Informant further advised that [redacted] attended a closed meeting of the New York State Committee of the CP in June or July, 1956. b6 b7C

On May 28, 1959, NH T-19 advised that arrangements had recently been made by a CP official to transmit to the Soviet Union an outline of the proposal of the law firm of Donner, Kinoy and Perlin to establish a travel agency for tours to the Soviet Union and other socialist countries. Informant advised that accompanying the outline was a letter indicating that according to EUGENE DENNIS, the CP, USA would not oppose the establishment of this bureau, but did not believe that any one group should have a monopoly for such travel. (X)

On June 4, 1959, T-6 reported that MARSHALL PERLIN and subject visited ISIDORE GIBBY NEEDLEMAN on that date at the latter's office, at which time the conversation centered about the possibility of handling Russian imports, particularly automobiles. DONNER advised NEEDLEMAN he had discussed a "deal" with other people, some of whom had dealt with the Soviet Union through Amtorg and others who had dealt directly with the Russians. He stated he had clients who were prepared to spend between \$1,000.00 and \$1,200.00 monthly, and the problem was to decide how Amtorg would fit in the picture. NEEDLEMAN pointed out that the most effective manner of doing business with the Russians was to deal directly with them. (X)

On January 15, 1954, NH T-21 advised he knew MARSHALL PERLIN when PERLIN attended Columbia University Law School, New York City, 1945-47. He stated PERLIN was active in the CP student group at Columbia Law School in 1946.

On August 10, 1959, NH T-22 and NH T-23 advised that on July 25, 1959, they met subject at a meeting which included [redacted], the subject and his wife. At that time subject pointed out that he expected to go to Moscow, Russia, in about a week representing a group of travel agencies for whom he intended to arrange contacts. b6

Subject also mentioned at this time that he would represent WILLARD UPHAUS if given the opportunity. X

On July 20, 1959, NH T-5 advised that on that date he had learned that subject was anxious to talk to an Amtorg official. At this time DONNER also mentioned that he hoped to go to the Soviet Union in the first week of August.

Information concerning Amtorg may be found in the Appendix Section of this report.

NH T-24 advised on November 27, 1953, that he believed that WILLARD UPHAUS was a member of the CP due to the intensity of opinions expressed by him, which followed the "CP line". Further, on the great activity of UPHAUS in CP front groups.

In September, 1959, NH T-25 advised that [redacted] had recently discussed a trip made by her to Russia in the recent past which she felt had been highly successful, having met many officials of the Soviet Union, particularly those connected with tourist travel, who gave a favorable hearing to her plan to help establish a tourist agency in the United States which would handle tourists to the Soviet Union and from the Soviet Union to the United States. [redacted] wanted preferred status for the agency, but the Soviet Union does not plan to give it such status since there is an existing agreement with the United States that Intourist, the Russian travel control agency, will divide its favors and won't favor one travel agency over the other. Informant stated that according to [redacted], the Russians advised that if an agency is set up, Intourist will recognize it and will afford it the same treatment as the others. Source stated that according to BERNARD ADES, [redacted] accountant, her trip was actually not too successful in that she got no more than anyone would who wished to set up a travel agency. b6

~~SECRET~~

Source further advised that an individual named ~~FRANK~~, an ^{Russia} ~~Comm.~~ attorney, whose last name informant did not know, was with [redacted] on her trip. Source stated that FRANK is extremely interested in the travel agency and may be the one to actually set up this agency. Informant could not state whether or not the FRANK referred to is identical with subject.

On September 11, 1958, NH T-26 advised that at a meeting of the Bronx County CP Committee, New York City, held September 10, 1958, BERNARD ADES was dropped from the Committee. Informant further advised that ADES had previously resigned his position as Acting Chairman of the Bronx County CP, effective August 6, 1958. ~~S~~

On September 22, 1959, NH T-25 advised that on that date [redacted] discussed with BERNARD ADES factors bearing on the set-up of a tourist agency, stating she had just applied for an Intourist license for FRANK and herself in the name of Intercultural Travel Service, which she stated "was cleared". She stated there would have to be two separate operations; one, an Incorporated Intercultural Travel Service to handle tours for individuals, and two, a travel agency to handle general tickets. [redacted] stated that of all travel in the USSR, including accommodations, Intourist gives its agents 10% commission after a period of six months. b6 b7C

Informant could not further identify the FRANK referred to by [redacted].

A review of the files of the Passport Office, U. S. Department of State, conducted October 1, 1959, by SE [redacted], reflected the following information regarding subject:

Subject, on July 9, 1959, was issued Passport No. 1697054, for a proposed three week trip to Finland, France, Italy and Russia for pleasure and business. He listed his permanent residence as 30 Dock Road, South Norwalk, Connecticut, and a mailing address at 342 Madison Avenue, New York City, New York. Other background information in the file revealed that DONNER was issued Passport No. 563953 on July 1, 1938, for a proposed two months trip to France, Sweden, Denmark, Finland, and the USSR for travel. He listed his birth date as February 27, 1911, at Brooklyn, New York. This was substantiated by a birth affidavit subscribed and sworn to on June 29, 1938, by the subject's father, SAM DONNER. His permanent residence was listed as 63 West 70th Street, New York.

On December 18, 1959, Special Agents of the FBI observed subject at the offices of the Amtorg Trading Corporation, 355 Lexington Avenue, New York City, after which subject was noted to proceed to 342 Madison Avenue, where he entered Room 930 on the ninth floor. On September 3, 1957, NH T-31 advised that subject had attended a UE International Convention, held August 26-30, 1957, at San Francisco, California, at which subject was identified as counsel for the UE in the UE Subversive Activities Control Board case and MATLES case and gave a resume of those cases, stating that government witnesses had been proven to be liars and paid stooges. Subject, according to informant, further stated that recent Supreme Court decisions indicated a turning of the tide.

Informant further indicated that JAMES J. ^{Calif} ~~MATLES~~, defendant in the MATLES case, referred to above, was re-elected Director of the UERMWA.

The March 3, 1958, issue, page 5, columns 3-5 of the "UE News", official organ of the UERMWA, carried an article captioned: "FRANK DONNER, Noted Labor Attorney, UE General Counsel," which

cited DONNER's experience as Assistant General Counsel for the CIO and United Steelworkers of America and enforcement supervisor for four years with the National Labor Relations Board, stating subject played an important part in the fight against McCarthyism and participated in the defense of UE Secretary-Treasurer in a contempt case arising out of the refusal of that official to testify before the House Committee on Un-American Activities. The article stated that as a member of the firm of Donner, Kinoy and Perlin, DONNER was counsel for UE Director of Organization JAMES J. MATLES in the pending denaturalization proceedings against MATLES.

The April 14, 1958, edition, page 11, of this periodical, reflects that the Supreme Court had dismissed Federal denaturalization proceedings against MATLES and set aside a three months contempt of court sentence on the grounds that the U. S. Department of Justice had acted lawlessly and illegally.

JOHN LAUTNER, former CP member who at the time of his expulsion, January, 1950, was Chairman of the New York State Review Commission of the CP, advised on October 6, 1950, that JAMES J. MATLES, Director of Organization, UERMWA, had been a CP member since 1931 and former District Functionary of the CP in 1931. MATLES was considered a CP member-at-large and did not attend CP meetings.

On February 25, 1958, NH T-34 also made available the above described circular.

On March 6, 1958, NH T-35 advised that subject was present at a meeting held February 28, 1958, for LLOYD BARENBLATT and JOHN T. GOJACK at Carnegie Hall, New York City. Subject spoke at this meeting, criticizing the House Un-American Activities Committee and discussed recent Supreme Court decisions and the difficulty and expense of going to trial under the First rather than the Fifth Amendment.

On March 5, 1958, NH T-36 confirmed subject's attendance at this meeting, advising that subject was introduced as attorney for GOJACK and in his talk condemned the Congressional Sub-Committee dealing with subversion. Subject pointed out that attempts would be made to limit recent favorable decisions of the Supreme Court.

ON UN-AMERICAN ACTIVITIES

During March 10-12, 1959, public hearings were held before the Committee on Un-American Activities (HCUA), U. S. House of Representatives, Eighty-Sixth Congress, in Pittsburgh, Pennsylvania.

Three pamphlets reflecting results of these hearings were issued, among them a pamphlet entitled: "Problems of Security in Industrial Establishments Holding Defense Contracts (Greater Pittsburgh Area - Part 2) Dated: March 11, 1959." Pertinent portions of this pamphlet relating to the subject are set forth hereinafter:

Page 394: - Included in a summary of information concerning individuals who appeared at these hearings was a short resume concerning FRANK J. DONNER, indicating DONNER "who had been identified by responsible witnesses under oath before the Committee as a member of the Communist Party, and who on June 28, 1956, invoked constitutional privileges in response to questions respecting his membership and activities in the Party immediately prior to his appearance, testified in the instant hearings that he became General Counsel to UE a short time after his appearance before the Committee on June 28, 1956. Mr. DONNER denied present membership in the Communist Party, but invoked, by reference to previous testimony, his constitutional privileges in response to questions respecting past membership in the Communist Party."

Page 410: - Subject appeared as counsel for THOMAS QUINN, 4002 Berger Lane, Monroeville, Pennsylvania, a field organizer for the United Electrical, Radio and Machine Workers of America (UERMWA). Subject identified himself as FRANK J. DONNER, an attorney-at-law with an office at 342 Madison Avenue, New York City.

Page 427: - RICHARD ARENS, HCUA Staff Director, included in the body of the record of these hearings "a compilation prepared by the research unit of the staff of the Committee on Un-American Activities which contains the listing of persons who now hold, or have held, in the recent past, key positions in the United Electrical, Radio and Machine Workers

Union and who have by competent, live witnesses under oath been identified as members of the Communist Party." In connection with the above, the following appeared on Page 427 concerning subject:

"DONNER, FRANK J.

FRANK DONNER was identified as a member of the Communist Party by several witnesses in testimony before this committee.

HERBERT FUCHS, a former Communist, testified on December 13, 1955, that he knew DONNER as a member of the Communist Party.

On December 14, 1955, MORTIMER RIEMER, another former member of the Communist Party, confirmed FUCHS' testimony regarding FRANK DONNER. DONNER was again identified by ex-Communist HARRY COOPER on March 1, 1956.

On June 28, 1956, FRANK DONNER appeared as a witness before this committee and invoked the First and Fifth Amendments to the Constitution in refusing to answer any questions regarding his membership in the Communist Party.

Subsequent to his appearance before the committee in 1956, DONNER was appointed general counsel to the United Electrical, Radio and Machine Workers of America. He was summoned to appear as a witness during the current hearings. His testimony will be found on page 455."

"TESTIMONY OF FRANK J. DONNER"

Mr. Arens. Kindly identify yourself by name, residence, occupation.

Mr. Donner. My name is Frank J. Donner. I am an attorney and I live at Dock Road, Norwalk, Conn.

Mr. Arens. You are appearing today, Mr. Donner, in response to a subpoena that was served upon you by the House Committee on Un-American Activities?

Mr. Donner. That is correct.

Mr. Arens. And where and when was that subpoena served, do you recall?

Mr. Donner. It was served on my birthday, February 25, in New York City.

Mr. Arens. Mr. Donner, are -----

Mr. Donner. And directly after the investigators of the committee asked my clients who their lawyer was.

Mr. Arens. Mr. Donner, are ^{you} general counsel to UE?

Mr. Donner. That is correct.

Mr. Arens. How long have you been general counsel to UE?

Mr. Donner. About 18 months. Somewhere in there. Should I have asked you before I took the job?

Mr. Arens. About when was it that you did assume your duties, do you recall?

Mr. Donner. I don't exactly.

Mr. Arens. Did you assume your duties since June 28, 1956?

Mr. Donner. Yes.

Mr. Arens. Where were you on June 28, 1956, do you recall?

Mr. Donner. I recall it very well. I was appearing before this committee, an appearance which one is hardly likely to forget since you conduct it like a circus.

Mr. Arens. And as of June 28, 1956, when you appeared before this committee were you advised by the committee that Mr. Herbert Fuchs had identified you under oath as a person known by him to have been part of the conspiratorial apparatus in this country known as the Communist Party and were you advised at that time that under oath a Mr. Mortimer Riemer had likewise testified under oath that he knew you as a member of the conspiratorial apparatus known as the Communist Party? Were you so advised?

~~SECRET~~

~~SECRET~~

"Mr. Donner. You know whether I was advised. That is in the records of the committee.

Mr. Arens. Would you kindly answer the question?

Mr. Donner. I was advised that someone said I was a Communist in 1942.

Mr. Scherer. Were they lying when they said that to the committee?

Mr. Donner. I don't have to answer that.

Mr. Scherer. I ask you to direct the witness to answer the question whether the witness he referred to was lying.

Mr. Donner. I will incorporate the same answers I gave to the committee when it called me and I adopted those answers here.

Mr. Scherer. I ask you to direct the witness to answer my questions. He raised the issue and I ask whether the witness to whom he referred who identified him as a member of the Communist Party was lying or not.

Mr. Willis. You are directed to answer the question.

Mr. Donner. The purpose of this is quite transparent but the fact remains that I answered the committee then. I am not in a permanent, political, supervisory payroll to this committee. I answered the committee then and you have my answer in the record and it stands there.

I don't have to spend my life explaining my prior appearances before this committee and I don't intend to.

Mr. Scherer. I ask you -----

Mr. Donner. Just because you want to make a headline.

Mr. Scherer. I ask that you direct the witness to answer the question; a typical Communist speech, I have heard them for years.

Mr. Willis. You are directed to answer.

Mr. Donner. Look, Congressman, my indifference to your smears is practically stupefying. I am delighted not to share your disapproval with Mrs. Roosevelt and other fine Americans.

Mr. Willis. I direct you to answer the question.

Mr. Donner. I incorporate the answer I gave then.

Mr. Willis. Proceed.

Mr. Scherer. As a member of the bar, I am rather ashamed of your conduct.

Mr. Donner. I am not proud of yours. If you had any sensitivity of the obligations of this calling you wouldn't snatch me from the counsel table to appear here as a witness.

~~SECRET~~

~~SECRET~~

"Mr. Arens. Are you now a member of the Communist Party?

Mr. Donner. No.

Mr. Arens. Have you ever been a member of the Communist Party?

Mr. Donner. I will answer that question since the last time I testified, and the answer is no. Now, two weeks ago you circulated a smear about me that I was a member of a national Communist elite. How dare you come here now and ask me whether I am a member of the Communist Party? Why didn't you think of it then?

Mr. Arens. Have you ever been a member of the Communist Party?

Mr. Donner. I incorporate the answer I gave before this committee.

Mr. Scherer. I ask you to direct the witness to answer the question to get the record straight.

Mr. Willis. You are directed to answer the question.

Mr. Donner. I decline to answer the question prior to the time I answered before, as to the time I answered before in June 1956.

I incorporate that answer by reference and my answer now and since then, I deny that I have been a Communist. Now, make the most of it.

Mr. Arens. Were you a member of the Communist Party as of June 28, 1956, when you appeared before this committee?

Mr. Donner. Don't play games with me, Mr. Arens. I told you that I will answer you since I testified that I have not been a Communist.

Mr. Arens. We can hear you if your voice is just normal.

Mr. Donner. I am just imitating you because you shout plenty yourself.

Mr. Arens. Now, may the record be clear, Mr. Chairman, that there is an outstanding question? Namely, were you a member of the Communist Party on June 28, 1956?

Mr. Donner. When did I testify before this committee?

Mr. Arens. On June 28, 1956, were you a member of the Communist Party?

Mr. Donner. I testified. I am telling you now and I don't want to play games with you, that I will say as to any political affiliations subject to June 28, 1956.

Mr. Arens. You mean subsequent?

Mr. Donner. Subsequent to. That is right. As to prior to that I incorporate my answer by reference.

~~SECRET~~

~~SECRET~~

"Mr. Arens. I do not believe this last answer is quite clear. Are you saying that after your appearance before the committee on June 28, 1956, you were not a member of the Communist Party?

Mr. Donner. No. I am saying that up to the time I testified before this committee I incorporate by reference the statement, the response that I made there in response to the same question. Since that time I state to you that I am not a member of the Communist Party.

Mr. Scherer. You know as a lawyer you can't incorporate by reference a statement you made before this committee at some other hearing.

Mr. Donner. You may think so. Did you ever hear of the Quinn case?

Mr. Scherer. I heard of it.

Mr. Arens. Immediately prior to your appearance before this committee on June 28, 1956, were you a member of the Communist Party?

Mr. Donner. I incorporate by reference the answer I gave this committee. There is no conceivable legislative purpose that would be served by your adducing from me here, in order to make a headline, an answer which is already incorporated in your records.

Mr. Arens. I will be glad to explain to you the legislative purpose and I am very happy that you asked the question.

Sir, this committee is here undertaking to develop factual information respecting the techniques, strategy and tactics of a conspiratorial apparatus in the United States which masquerades behind the facade known as the Communist Party.

It is the information of this committee by sworn witnesses of proven credibility that you, sir, were a member of the Communist Party, that you were part of this conspiratorial apparatus-----

Mr. Donner. You left the date out.

Mr. Arens.-----in the legal phase of the operation of the Communist Party.

It is also the information of this committee and the records reflect that on June 28, 1956, you appeared as a witness before this committee, at which time you were publicly on a sworn record confronted with a number of items respecting your own background and your own participation in this conspiracy known as the Communist Party.

You were also confronted with the sworn testimony of persons of proven credibility who appeared before this committee. You, sir, were then interrogated respecting your then membership in the Communist Party. Shortly thereafter, you assumed, so we now

Mr. Donner. Is that so?

Mr. Arens. We have asked you to appear here so that this committee can appraise the facts respecting the basis for your affiliation and activities as general counsel of UE.

Now, sir, with that explanation, I respectfully suggest that the chairman order and direct you to answer the question.

Mr. Donner. What is the question?

Mr. Arens. Mr. Chairman, the question is, Were you a member of the Communist Party immediately prior to the time of your appearance before the Committee on Un-American Activities on June 28, 1956?

Mr. Donner. And with respect to-----

Mr. Willis. You decline to answer. I direct you to answer it.

Mr. Donner. With respect to that--just a moment--with respect to that question, I incorporate the answer I gave to the same question which was posed to me on the day I appeared in Washington.

Mr. Arens. Have you ever resigned technical membership in the Communist Party?

Mr. Donner. You see, that question, as you know, suggests something which is not in evidence so I can't answer it.

Mr. Arens. I respectfully suggest, Mr. Chairman, the witness be ordered and directed to answer the question or invoke his constitutional privileges.

Mr. Donner. I can't answer that. I don't invoke my constitutional privileges.

Mr. Arens. Then I respectfully suggest he be directed to answer that question.

Mr. Donner. I never resigned and you have no evidence I joined, so there you are.

Mr. Scherer. We have no evidence that you joined?

Mr. Donner. Well, oh--

Mr. Willis. We have no evidence that--

Mr. Donner. Let's--you want me to say whether I resigned from the Communist Party. That is like asking me when I stopped beating my wife.

Mr. Arens. Were Hebert Fuchs, and Mortimer Riemer in error, when, under oath, before this committee, they swore that while they were in the Communist Party they knew you, sir, as a member of that conspiratorial apparatus?

Mr. Donner. Why don't you say about what time they swore?

~~SECRET~~

"Mr. Arens. Mr. Chairman, I respectfully suggest the witness now be ordered and directed to answer that question.

Mr. Donner. I incorporate in response to that question the same answer I gave when I testified in Washington about those questions.

Mr. Arens. Mr. Chairman, I respectfully suggest that will conclude the staff interrogation of this witness.

Mr. Scherer. Wait just a minute.

You were at one time an employee of the United States Government, were you not?

Mr. Donner. Yes. I answered that when you asked me in 1956.

Mr. Scherer. You were one of the lawyers in the National Labor Relations Board?

Mr. Donner. I answered that in 1956.

Mr. Scherer. Were you?

Mr. Donner. I incorporate the answer I gave you in 1956.

Mr. Scherer. Did you know Herbert Fuchs?

Mr. Donner. I incorporate the answer I gave you in 1956.

Mr. Scherer. He was also a lawyer in the National Labor Relations Board at that time, was he not?

Mr. Donner. Look, Congressman, you know what you are trying to do and I know what you are trying to do, but you are not going to do it, because as to all these questions I incorporated the answer I gave you then.

Mr. Scherer. Now, the fact is that you, Herbert Fuchs, and a number of others who were employees of the Government of the United States at that time belonged to a cell of the Communist Party operating within the National Labor Relations Board, is that not a fact?

Mr. Donner. I incorporate the answer I gave at that time.

Mr. Scherer. I submit that you were not asked that question at that time and I ask the Chairman to direct you to answer that question.

Mr. Donner. Then I believe I was, and in any event it is irrelevant, remote, far before the time I ever joined the UE and I decline to answer it.

Mr. Scherer. I ask that you direct the witness to answer my question.

Mr. Willis. Mr. Scherer states that you were not asked that question.

Mr. Donner. What question?

Mr. Scherer. The one I just asked.

Mr. Donner. Will you ask it again?

Mr. Scherer. Read it, will you?

(The record was read by the reporter as requested).

"Mr. Donner. I was asked that question and I incorporate the answer I gave then.

Mr. Scherer. Whether you were asked it or not, I ask that the witness be directed to answer the question.

Mr. Willis. I direct you to answer.

Mr. Donner. I decline to answer it because it would serve no legislative purpose and it is purely for the purpose of getting headlines and trying to promote a smear here.

Mr. Scherer. I have no further questions.

Mr. Willis. What do you mean, promoting headlines?

Mr. Donner. Look Congressman, if you are sincerely interested in getting facts for legislation you wouldn't come here to ask people questions that you already know about because you have made a record on it. That is not the way a congressional committee operates. Unless it has some ulterior purpose.

Mr. Willis. We are spending some \$48 billion a year for national defense. That means to defend ourselves against the Communists. Now, are you naive enough to believe that the Kremlin does not try to have agents in the United States, and do you mean to say that a congressional committee of the Congress of the United States has no legislative power to legislate on the subject matter of national defense?

Mr. Donner. I don't say it has no legislative power. I say you are not exercising legislative power.

Mr. Willis. You have been saying that all afternoon. Witness excused.

Mr. Donner. All you are here to do is attack the union and injure it.

Mr. Willis. No, that is a completely untrue statement as far as I am concerned. It is an attack on the committee.

Mr. Scherer. Mr. Chairman, I ask that the transcript of the testimony taken by tape of both this last witness and Witness Quinn be made a part of the records of this committee because the cold record will not reveal the contemptuous attitude of the two witnesses to whom I have referred.

Mr. Willis. So ordered.

~~SECRET~~

"(Tape recordings above referred to retained in committee files).

Mr. Donner. There is something worse, Congressman, than having a contemptuous attitude and that is surrendering your integrity and give up your manhood.

(Witness excused)."

BARENBLATT-GOJACK DEFENSE FUND

A confidential source advised on February 25, 1958, that P. O. Box 190, New York 27, New York, is rented by the Barenblatt-Gojack Defense Fund. The character of this organization was listed as "Defense of the Bill of Rights."

In March and May, 1956, respectively, LLOYD BARENBLATT and JOHN T. GOJACK were convicted for "contempt of congress." BARENBLATT refused to answer questions before the House Committee on Un-American Activities as he claimed the House Committee on Un-American Activities had no right to inquire into his political and religious beliefs; GOJACK refused to answer inquiries of the House Committee on Un-American Activities concerning his Communist ties prior to 1949 by invoking the First Amendment.

In the transcript of hearings before the Committee on Un-American Activities, House of Representatives, 83rd Congress, Second Session, dated February 28-29, 1957, page 5778, it is reflected that FRANCIS XAVIER THOMAS CROWLEY, self admitted member of the Communist Party at the University of Michigan, identified LLOYD BARENBLATT as a member of the Haldane Club of the Communist Party at the University of Michigan, Ann Arbor, during the late 1940's.

Another confidential source advised on December 3, 1948, that JOHN T. GOJACK admitted he was a Communist Party member.

BILL OF RIGHTS FUND

On November 15, 1954, a confidential informant made available a mimeographed leaflet dated November 4, 1954, entitled: "Announcement of Bill of Rights Funds, CORLISS LAMONT, Chairman." This leaflet reflects that CORLISS LAMONT had set aside \$50,000.00 to initiate a special Bill of Rights Fund to give assistance to key organizations and enterprises that are working militantly and uncompromisingly for American Civil Liberties on the basis that the Bill of Rights should apply impartially to all groups and individuals in the United States; and to provide financial help in especially significant individual cases involving constitutional issues in order to assist the victims with their legal defense and to lessen economic pressures on such persons if they have lost their jobs.

On April 29, 1958, a confidential informant advised that the captioned fund continues to be active. The address for the fund continues to be 450 Riverside Drive, New York 27, New York, which is the residence of CORLISS LAMONT.

Another confidential informant, on June 23, 1950, advised that he had known CORLISS LAMONT as a concealed member of the Communist Party.

At that time the organization was called the United Electrical and Radio Workers of America. Shortly after a large group of AFL machinists' locals joined the UE and the full name became the United Electrical, Radio and Machine Workers of America (UE).

"The UE is known as an 'International Union' because companies of both the United States and Canada are under contract."

"100 Things You Should Know About Communism and Labor," prepared and released by the Committee on Un-American Activities, U.S. House of Representatives, Washington, D.C., 1951, reflects on pages 80 and 81, "In 1944, the Committee on Un-American Activities found the following unions to have 'Communist leadership ... strongly entrenched:'

"United Electrical, Radio, and Machine Workers of America (CIO).

"The following unions have been expelled from the CIO because of their Communist domination:

"United Electrical, Radio, and Machine Workers of America."

The "Internal Security Annual Report for 1957, Report of the Subcommittee to Investigate the Administration of the Internal Security Act and other Internal Security Laws, of the Committee on the Judiciary, United States Senate" on page 61 refers to UE as "one of the strongest Communist controlled unions in America."

The International Headquarters of UE is located at 11 East 51st Street, New York, N.Y., according to the March 30, 1959, edition of "UE News," Official Organ of UE.

"Guide to Subversive Organizations and Publications" (And Appendix) revised and published as of January 2, 1957, to supersede Guide published on May 14, 1951, prepared and released by the Committee on Un-American Activities, U. S. House of Representatives, Washington, D. C.

1. "The AYD (American Youth for Democracy) is affiliated with the World Federation of Democratic Youth, which was founded in London in November, 1945, by delegates from over 50 nations. *** From the outset the World Federation of Democratic Youth demonstrated that it was far more interested in serving as a pressure group in behalf of Soviet foreign policy than it was in the specific problems of international youth.*** So strong was the Communist domination at the London conference that it aroused the deepest concern of the English bishops." Also cited as one of the "long established Soviet-controlled international organizations" which speak identical lines of propaganda and stand together on all phases of Soviet foreign policy" and which has "affiliated organizations in the United States, which consequently have also been turned into instruments in the 'peace' campaign."

CITIZENS COMMITTEE TO PRESERVE
AMERICAN FREEDOMS

A source advised on May 7, 1959, that the Citizens Committee to Preserve American Freedoms was organized in Los Angeles, California, in January, 1952, for the announced purpose of supporting a number of individuals from the medical and legal professions who had been subpoenaed to appear before the House Committee on Un-American Activities.

Since its establishment, the Citizens Committee to Preserve American Freedoms, in extending its scope, has worked for the abolition of all Congressional, State, and local committees investigating subversive activities and in the latter part of 1954 became very active in opposition to State and Federal legislation directed at the Communist movement.

FRANK WILKINSON, Executive Secretary of the Citizens Committee to Preserve American Freedoms, is described by the informant as the "brains and energy" behind the organization.

The Citizens Committee to Preserve American Freedoms is not a membership organization. It is an Executive Board with a large mailing list which builds up support behind particular issues rather than behind an organizational program.

Another source advised on September 17, 1952, that FRANK WILKINSON was a Communist party member as of September, 1952.

INTERNAL SECURITY ACT OF 1950

New York airtel 2/27/61 advised of a meeting sponsored by captioned organization in New York City on 2/24/61. This affair was entitled "Cloud Over the New Frontier - Debris of McCarthyism" and approximately 150 people were in attendance.

Norman Redlich was a principal speaker and he was introduced as a Professor of Law at the New York University Law School, New York City. Redlich remarked there had been considerable optimism with the coming of the new President but there is a blind spot in the "new frontier" and "McCarthyism" is allowed to continue. Redlich was critical of background investigations conducted by the Bureau of Presidential appointees and remarked that even Robert Kennedy had to get a clearance from "a subservient J. Edgar Hoover." Redlich also stated that the "new frontier" has youth, et cetera, but it has not attempted to bring back those intellectuals who had been driven out of government by "McCarthyism."

The other speaker of the evening was Frank Donner who spoke on the topic "The Power of the Committee." Donner stated that the House Committee on Un-American Activities (HCUA) was disliked in varying degrees by those present with the exception of "HCUA investigators and FBI Agents present." Donner stated that the HCUA has caused the loss of hundreds of jobs, split families and about 15 suicides. He remarked the committee is nothing but a printer of a "Black List Handbook" and collects dossiers of names and organizations which it makes available to help break strikes and uses to defeat opposition. Donner concluded his speech by stating that there is a group of people he calls "Yo Yo's" who believe "that J. Edgar Hoover is infallible, that informers should be placed on pedestals and want to perpetuate this committee." He stated "We must fight Yo-Yoism."

A check of Bufiles discloses that we have never conducted an investigation of Redlich; however, Bufiles do disclose that he was the coauthor of a treatise entitled "Does Silence Mean Guilt? -- Controversy of the Fifth Amendment" which appeared in the 6/6/53 issue of "The Nation." Bufiles further disclose that in the past he has served on several panels of the Emergency Civil Liberties Committee expressing the views contained in the afore-mentioned treatise wherein he defends the rights of individuals who invoke the Fifth Amendment. Bufiles do not indicate that the activities of Redlich warrant investigation by the Bureau at this time.

Bufile 100-25688 discloses that Donner has been the subject of a Bureau investigation and that his name is presently included on the Security Index. He appeared before the HCUA in 3/59 in Pittsburgh, Pennsylvania; was an uncooperative witness; and invoked his constitutional privilege in response to questions regarding his past membership in the Communist Party (CP). Investigation disclosed that Donner allegedly was a member of a secret CP apparatus for Government employees during the period 1939 to 1942 and conducted meetings of this apparatus in his home during that period.

Captioned organization is under active investigation by this Bureau as a communist front organization and copies of the investigative reports concerning it are furnished the Department on a continuing basis for consideration pursuant to Executive Order 10450 and the Internal Security Act of 1950.

ACTION:

Previous investigation has made it clear that this communist front is anti-HCUA and anti-FBI. This has been disseminated. No purpose would be served by disseminating the results of this meeting wherein the speakers attack the FBI. You will be kept advised of any further pertinent developments.

I am enclosing herewith a book entitled The Un-Americans written by Frank J. Donner, which I purchased at a drug store today. I have not read the entire book, however, I do not believe this is quite necessary. After reading the first few pages of the book I got the feeling they were trying to discredit your agency, along with the House Committee on Un-American Activities, to say the least.

Donner born 1911, Brooklyn, New York; graduated from Columbia University Law School 1937; Donner with National Labor Relations Board 1940-1945; Assistant General Counsel, Congress of Industrial Organizations (CIO) 1945-1949; currently attorney, New York City, and General Counsel of United Electrical, Radio, Machine Workers of America (UERMWA), a union expelled in 1949 from CIO for Communist influences. Donner on Security Index. Three admitted former Communist Party members say Donner member of communist cell while at National Labor Relations Board (NLRB). Donner involved in defense of Smith Act subjects in New Haven and Philadelphia; associated from early 1940s with several communist front organizations and communists. Donner was hostile witness before House Committee on Un-American Activities (HCUA) 1956 and 1959, and wrote article in 4/10/54 issue of "The Nation" calling FBI "political police." His new book, "The Un-Americans" which calls for the abolition of the HCUA, condemns the HCUA for its existence, tactics, and supporters, and singles out for criticism the 1960 San Francisco hearings, and the film "Operation Abolition" as well as the Director's report "Communist Target--Youth." Donner claims that FBI gives HCUA "enthusiastic endorsement", turns over to HCUA suspects whom Grand Juries refuse to indict, and threatens to turn over uncooperative individuals to the Committee for questioning. HCUA, according to Donner, has identified itself with the Bureau to gain prestige and to ward off attacks. He claims "widespread feelings" that the Committee faces reckoning for its past treatment of "innocent people."

C. from 1940 to 1945, and was an Assistant General Counsel for the Congress of Industrial Organizations (CIO) in 1945 to 1949. Since that time he has been engaged in private practice in New York City and is currently General Counsel for the United Electrical, Radio, Machine Workers of America (UERMWA), a union which was expelled from the CIO in 1949 as communist influenced. Donner's wife is Madeline Jaffe Donner, a sister of Philip Jaffe, one of the subjects of the Amerasia case in 1945.

SUBVERSIVE CONNECTIONS: NY

Donner is currently on the Security Index. Three admitted former Communist Party members who knew the subject during his employment with the NLRB have advised Donner was a member of the communist cell at NLRB. Donner was a signer of a Communist Party nominating petition for Earl Browder, former Communist Party functionary who was running for President in the 1940 election. Donner has also served as an attorney for the defense of the Communist Party members tried under the Smith Act in New Haven, Connecticut, and Philadelphia, Pennsylvania. He has also been associated with several communist front groups since the 1940s. He has since the late 1940s, associated with members of the Communist Party, at a national and a local level, including Isidore Gibby Neddleman, espionage subject. Donner has appeared in 1956 and again in 1959 before the House Committee on Un-American Activities (HCUA), and, on both occasions, was an unfriendly witness, invoking his Constitutional privileges ^{ed} when questioned concerning his activities and associates. On February 24, 1961, Donner was a speaker at an Emergency Civil Liberties Committee (ECLC) meeting, in which he criticized a group of people who he called "Yo Yos" who believe that "J. Edgar Hoover is infallible, that informers should

be placed on pedestals and want to perpetuate this committee (HCUA)." The ECLC is currently under investigation by the Bureau as a communist front organization and copies of the investigative reports concerning it are furnished to the Department for consideration pursuant to Executive Order 10450 and the Internal Security Act of 1950. (100-25688)

ANTI-FBI STATEMENTS:

Donner wrote an article for "The Nation" issue of April 10, 1954, called "The Informer" in which he called the FBI a "political police" and charged that material from the FBI gets to Congressional committees. He condemned the role of "informers" of the FBI in security-type investigations.

In 1955 Donner was reportedly preparing a book concerned with the FBI and the use of informants. There is no indication in Bureau files that this book was ever published.

NEW BOOK - "THE UN-AMERICANS:"

This book, published by Ballantine Books, New York, copyright 1961, price 60¢, printed as a paperback, is currently on sale. This book was reviewed favorably in the "New York Herald Tribune" of July 14, 1961, by Gore Vidal. Vidal was author of a 1960 Broadway play, "The Best Man," which contained a brief sarcastic reference to the Director. Vidal was an unsuccessful Democratic candidate for Congress in New York's 29th District in 1960. A copy of this review was printed in the "Washington Post and Times Herald" of July 16, 1961.

The theme of "The Un-Americans" is that the HCUA's existence, tactics, and supporters, since its inception in 1938 to date, have resulted in ruining the lives of numerous innocent people. The book calls for the abolition of the HCUA. Donner also attacks, in this book, the legality of the HCUA's investigations, which he claims go beyond investigation for authentic legislation purposes. He speaks in derogatory terms of former FBI confidential informants who, after being exposed in public testimony, have appeared as friendly witnesses before the Committee to furnish information concerning the communist activities of themselves and their former associates.

Memo R. W. Smith to Mr. Sullivan
RE: FRANK JORIS DONNER AUTHOR OF
"THE UN-AMERICANS" CENTRAL RESEARCH MATTER

Donner singles out for attack the HCUA hearings of May, 1960, in San Francisco, and claims that the HCUA, both in press and in the film, "Operation Abolition" has distorted the facts about the communist instigation of the demonstrations and violence.

In addition, Donner charges that the Director's report "Communist Target--Youth" was a "transparent device to shield the film (Operation Abolition)" from defamation suits by providing its sound track with a 'cover' of official utterings." He said that the "prestige and authority" of the Director have been used to lend "respectability" to the film's "extremist views, sinister inferences and distorted facts." Donner states that the film "Operation Abolition" and the Director's report have been discredited as a result of the trial and resulting acquittal of Robert J. Meisenbach.

Regarding claims that the clergy has been infiltrated by communists, Donner referred to an alleged letter from the Director to Senator Harry E. Byrd, date not given, in which he reported that the Director had said he knew of no minister who had been proved to be a communist agent. Senator Byrd allegedly remarked that this was "convincing evidence" that the charges against the clergy were "baseless."

In the chapter entitled "Big Brother is Watching You," Donner discusses his version of the relationship of the HCUA and the FBI. He charges that the Bureau and the HCUA have common interests, that the House Committee has obtained "enthusiastic endorsement" from the FBI, that the FBI has always had liaison representatives in the Committee's offices and access to its files, and that several former FBI Special Agents are on the HCUA investigating staff. Donner claims that the FBI turns over to the HCUA suspects whom Grand Juries have refused to indict or whom the FBI has found uncooperative. He also charges that the FBI threatens to turn uncooperative individuals over to the committee for questioning. He claims that the FBI uses HCUA to release material it wants publicized. In turn, Donner claims, the HCUA relies on the FBI in its work. He also charges that there is "too much evidence" that contradicts the claims by the Bureau and HCUA that the HCUA has no access to Bureau files.

Donner states that the HCUA has been identifying itself with the Bureau for many years in order to gain prestige and to help defend itself from attacks for its so-called "un-Americanism."

Memo R. W. Smith to Mr. Sullivan

Re: FRANK JORIS DONNER AUTHOR OF

"THE UN-AMERICANS" CENTRAL RESEARCH MATTER

Donner alleges that there is "widespread feeling" that the Committee is facing a time of reckoning for the harm it has inflicted on numerous innocent individuals. He quotes former President Truman as saying in 1959 that the "Committee on Un-American Activities is the most un-American thing in America." Donner also quotes President Kennedy in the 1960 Presidential campaign as condemning the use of legislative investigations by "the Nation and the State" to effect the "disgrace of private persons." Donner alleges that President Kennedy undoubtedly had the HCUA in mind.

Crosby Column—By His Guests

The Whole Sordid History

While John Crosby is on vacation, his column will be written by guests. Today's contributor is Gore Vidal, author, critic and playwright ("The Best Man").

By Gore Vidal

When I was running for Congress last year (now there's a phrase to empty a room!) I was asked the same planted question at nearly every meeting: Are you in favor of the House Un-American Activities Committee? My answer was usually more cautious than candid. For purposes of legislation, Congress has a constitutional right to investigate anything it wants to, and I am all for Congress' traditional privilege, but then I would suggest tactfully to my audience that HUAC had produced less legislation at a greater cost than any committee in Congressional history, and as for its chairmen . . . well, who could admire Martin Dies? Or that super-patriot J. Parnell Thomas, who went from Congress to the clink? Or the present chairman, Francis Walter, whose only legislative distinction is the notorious Walter-McCarran Immigration Act, a sly bit of work Cardinal Cushing felt could not "be defended without recourse to the discredited and un-Christian tenet of racism." I left the subject there, realizing that the lunatic Right has worked out a fine (and to many people perfectly reasonable) syllogism. HUAC is against un-American activities. Mr. Blank is against HUAC. Therefore, Mr. Blank favors un-American activities.

Fortunately, a brilliant case against HUAC has now been made by Frank J. Donner, a constitutional lawyer, in a book called "The Un-Americans," to be published by Ballantine as a paperback this month. Using transcripts and documents, Donner records the whole sordid history of HUAC from its beginning in 1938. Originally, HUAC was a short-term investigating committee which evolved gradu-

ally into a standing committee though, contrary to precedent, its function is not legislative, but simply "exposing" Communists. John Rankin, of Mississippi, was godfather to HUAC in the House at the time of its metamorphosis in 1945. When Walter Winchell, among others, attacked the committee, Rankin dismissed the columnist with characteristic charm as that "Communist little kike."

Neither in the past nor in the present has HUAC ever found "un-American" any fascist or racist organization. In fact, in 1942, the Ku Klux Klan's Imperial Wizard James Colecott said, "The committee's program so closely parallels the program of the Klan that there's no distinguishable difference between them." As for the John Birch Society, Gordon Scherer, HUAC's ranking Republican member, is a sponsor. Not only is the committee instinctive in its dislike of the foreign-born and colored minorities, it is even on record as opposing "racial and social equality."

The final irony, of course, is that as the Communist menace outside the United States increases, inside it decreases (today there are some 20,000 American Communists, a fraction of what there was in the 40s). Yet the hate groups grow more hysterical every day in their search for Communists. Actually, their real targets are liberals, minority groups, intellectuals, "do-gooders" (they themselves are proud "do-badders"). Their method is now so odd that if some one they dislike actively fights Communists (e. g., Dean Acheson), they will say: but that's his plot; he only seems to fight Communists. He's really a spy. This way paranoia . . . and Candy Man Bob Welch, the Big Bircher . . . lie. Hopefully, we now have Mr. Donner's book and I'm certain anyone who reads it will agree with Harry Truman that "the most un-American thing in America is the House Un-American Activities Committee."

No. 61-7

IDEAS BY INFECTION

Early in July, the Emergency Civil Liberties Committee, a cited Communist front organization, began mailing out copies of a remarkable book entitled The Un-Americans, by Frank J. Donner. The Un-Americans, a "pocket book" which retails for 60¢, purports to be "the full and careful documentation of the House Un-American Activities Committee." The book, obviously designed for the mass market, had a big first printing of 153,000. It is prominently featured at bookstores, drugstores and newsstands all over the country.

The book and the circumstances surrounding its publication are remarkable on several counts. First, it is remarkable that Ballantine Books, a commercial publishing house, would cooperate in the production of this unscholarly, unabashed and loaded piece of propaganda. There is no mistaking the book's purpose. The back cover clearly states that "Today, in spite of public protest, the Committee is very powerful. It will not be defeated easily. But it can be abolished - and this book is a powerful weapon." Second, the book is remarkable for its mendacity. Frank Donner charges that the Committee has "developed a special logic of its own based on crudely strained inferences, falsified proofs, and emotionally defined terms." Donner goes on to say that one of the most damning things about the Committee is its use of the technique of "guilt by parallelism, mutual object and association." Donner then proceeds to use all of these devices to construct his false and misleading case against the House Committee. The third remarkable feature of the book is one of omission. There is no biographical or background material on the author. He is described on the fly leaf of the book - with merciful brevity - as a "constitutional lawyer". The omission is quite understandable, however, since frankness on Donner's background would taint the book and render it less efficient as a trap for the uncritical and unwary.

A Fun-House Mirror

The central theme of the book, which serves as underpinning for the whole structure, is that the Communist program of subversion within the United States is a myth rather than a menace. The real menace, we are told, is the House Committee on Un-American Activities. From this inverted foundation, Donner uses every twisted trick of logic and wording that he has accused the House Committee of using to build his case. Even Donner's statement that his book is "the full and careful documentation of the House Un-American Activities Committee" contains a concealed slur. The Party and other hostile groups invariably refer to the House Committee on Un-American Activities as the House Un-American Activities Committee. This bit of semantics is designed to convey the idea that the House Committee's main order of business is engaging in un-American activities. Reading Donner's book is an experience akin to looking through the wrong end of a telescope or viewing familiar objects reflected in a fun-house mirror. The reflected images of the members and staff of the Committee, and witnesses who testify against the Party, are seen to be short, squat and brutal, with a sly expression around the eyes that denotes incipient fascism. Witnesses who take the Fifth Amendment are seen to walk straight and tall. Their radiant faces more than hint at a nobility of soul.

It Goes With The Set

The Un-Americans is given its rather lurid tone by Donner's continued use of the old device known as "giving a dog a bad name". Those who give sworn testimony against the Communist conspiracy are derided as "professional witnesses", "paid undercover agents" and even as "police spies". The testimony of these individuals tends to "smear". The Committee (and the FBI) indulges in "intimidations". It creates a "lynch atmosphere" in which "shrill voiced patriots" and "vigilantes" can operate. The former Communist is a "defector" or "renegade". Anti-Communists are "bigots" and "pathological". Anti-Communist activity is shown to have a "psychotic" basis. The activities of the Committee constitute a "witch-hunt" and a "perversion" of power. The Committee operates a "hate mill" and is "anti-democratic" and "fascist".

Another favorite Donner device is that of guilt by association, parallelism, or mutual object, with the very fact of association or mutual object based on Donner's own unsupported assertions. All hate groups, according to Donner, whether they are anti-Negro, anti-Catholic, anti-labor, anti-Semitic, anti-foreign born have a "common dedication which unites them in a special way; they are fanatical crusaders for HUAC." Indeed, according to Donner, the House Committee is a "hate group" itself and the "personalities of many of HUAC's leaders and staff members are figures in a gallery of hate." The reader who trades at Donner's storehouse of ideas finds it very difficult to buy a small neat package marked "anti-Communism." He finds that the proprietor insists on selling him a bulky, poorly tied together, smelly, blood stained package marked "anti-Negro, anti-Catholic, anti-labor, anti-Semitic, anti-everything," with the insistence "But it goes with the set."

The Unparticularized Slur

Donner expresses the utmost scorn for those who see the world in black and white, the sweeping generalizers. Yet, his book is compounded of generalizations. He

is particularly fond of generalizing as to motive. According to Donner, "the Committee hearing is an engine which is powered by a fuel blended of betrayal and revenge." "Friendly" witnesses testifying for the Committee cannot possibly be motivated by idealism. In Donner's own black and white world, these individual's motives are revengeful, financial or pathological. At the best, these people are weak, mean, lying tools.

Another device used by Donner in The Un-Americans is the deliberately misleading statement. For instance, Donner cites the cases of a "former FBI agent" and an "ex-FBI agent" who testified before the Committee. He claims that one had been tried 22 times for public drunkenness, twice for disorderly conduct, and twice for assault and battery. The other had "a record of insanity" and was also a convicted forger. Donner intends to convey the impression that these two individuals were former Special Agents of the FBI and thus discredit that organization. Actually, these individuals' only connection with the FBI was that they may at one time have gone to the FBI with information which it was free to accept or reject. But the impression is left that this is the type of individual the Bureau hires as an employee.

On page 180 of The Un-Americans, Donner prints the charge that "the Committee knew that at least 11 persons had committed suicide or died of heart attacks while under Congressional investigation. The Committee members thus had knowledge that an exposure hearing could produce fatal consequences and thus could not escape responsibility for the tragedy." A few pertinent questions such as ---Who were these people? --How many suicides? --How many heart attacks? --Was there a causal connection? --- are left unanswered by Donner's "full and carefully documented" book. Could this be an instance of another noxious device that Donner accuses the Committee of using and which he calls "the unparticularized slur"?

He Had Help

Donner's lack of objectivity on the subject of the House Committee on Un-American Activities is not surprising. He, himself, was identified by a number of Committee witnesses as a member of the Communist Party. He was given an opportunity to refute this testimony on June 28, 1956, when he appeared as a witness for the House Committee. He invoked the Fifth Amendment when he was questioned concerning Communist Party membership and affiliations. He was confronted with a United States Civil Service Commission questionnaire he had signed on June 2, 1943 while employed by the National Labor Relations Board in Washington. On this official form, he had replied "No" to a question as to whether or not he held membership in a Communist organization. Donner conceded that this signature was his and invoked the Fifth Amendment when asked by the Committee if he had been "truthful" in his statement to the United States government. Donner was recalled as a witness before the House Committee on March 11, 1959. He denied being a present member of the Communist Party but took the Fifth Amendment as to whether he had ever belonged to the Party. He has been active in the affairs of such Communist front organizations as the National Lawyers Guild, the American Committee for the Protection of Foreign Born and the Emergency Civil Liberties Committee.

At the end of the book under "sources and acknowledgments", Donner acknowledges the assistance that he has received from various sources. Many of his sources

are of extremely dubious validity. A particularly noteworthy source is Bertram Edises, who has been identified in sworn testimony as a member of the Political Affairs Committee of the Communist Party. To quote Donner, "I am under heavy obligation to Bertram Edises who not only read and commented on two chapters of this text, but made available valuable material from his files."

To quote Congressman Francis E. Walter, Donner's book "perfectly embraces and epitomizes the Communist line and technique." If this book had been printed by an official Communist Party publisher, it would have landed with the impact of a foam rubber jelly bean. By using the medium of a commercial/publisher of pocket books, the book gains an acceptance and reaches an audience which otherwise would not have been available. This attractively-packaged, loaded volume waits in our drugstores and newsstands for those who reach out for a bit of harmless entertainment. It will impress the young, the naïve and the uninformed. It will prove fatal to the individuals who believe that whatever is printed must be true, to the people who form their opinions through a process of exposure, acceptance, and infection rather than critical analysis.

Sincerely,

Dear Sir:

Recently I read a book entitled The Un-Americans by Frank J. Donner, published by Ballantine Books in 1961. This book presents a good deal of data designed to discredit the House Un-American Activities Committee. Since I am interested in evaluating this information I am also interested in the background and activities of the author. Therefore I am writing you to see if you have any report on this man. Would you please tell me if any of the statements about the FBI which Frank J. Donner makes in his book, The Un-Americans are true?

Also I would appreciate it if you could point out some of the more obvious distortions about the FBI which I assume the book must contain.

In a recent issue of The Reporter magazine there is an article titled The Private Government of Crime that states that the FBI has been quite lax in its investigation of organized crime. I hope you can assure me of the falsity of this claim, also.

Mr. J. Edgar Hoover
United States Department of Justice

Dear Mr. Hoover:

I'm quite concerned about a new paperback on the market called "The Un-Americans". You're probably familiar with it and know that it was written by Frank J. Donner. It is printed by ~~X~~Ballantine Books, Inc. 101 Fifth Avenue, New York 3, N. Y.

I've looked up Mr. Donner in the House Committee on Un-American Activities report "Communist Legal Subversion". It appears that he is a Communist. Can you give more definite information than is contained in the above report or tell me where I can find more information on Mr. Donner?

I feel it would be sad if the Communists efforts to abolish the HCUA succeeded. Perhaps in the past the HCUA has done some questionable things, but today I think it is doing a good job. I want to support it in writing to the local paper.

It goes without saying that the FBI is doing a wonderful job. Supposedly informed people say--leave Communist hunting to the FBI which is better equipped for the job than the HCUA. I know the FBI cooperates with the HCUA. Has the HCUA been of help to the FBI?

Please know that millions of us have great faith in you and the FBI. Please don't let Mr. Sam Rayburn bother you.

I know you have no control over the matter but I just want to tell someone how I feel. I'm infuriated over the fact that someone like Gus Hall who is devoting his every effort toward the destruction of our country is allow to walk around and enjoy the fruits of our country, when the congress gets so upset about the hijacking of a plane. Hijacking is serious, but to be allowed to spend a life time working toward the overthrow of our country is a 1,000 times more serious.

Dear Mr. Hoover:

I am writing this letter as a concerned American, who has read your book, Masters of Deceit, and recently one by Frank Donner, "The UnAmericans." I can see the quiet logic of yours but am alarmed about the effect Donner's will have on the youth so anxious to defend "civil liberties."

Donner's main theme in his book seems to be there is no longer any reason to expose Communists, because there are so few left. Would you or one of your staff explain to me the legality of the House Committee on UnAmerican Activities and the amount of damage actually done to innocent people?

I am hopeful libel suits will refute many of the things Mr. Donner has put forth, but as an individual in favor of the HUAC, I feel the need for more sure ground in defending it.

In closing, may I say under your leadership, the F.B.I. is very thoroughly respected, and may God grant many with your wisdom in these perilous days.

Book Should Be Banned

Editor, The News: 8-29-64

It is indeed frightening to find out how many writers and publications have suddenly directed a long series of vicious attacks against the FBI and the House Un-American Activities Committee.

A book that was just recently published called "The Un-Americans," is appearing on some of the bookshelves throughout the state. Its author, Frank Donner, has been exposed in

the Congressional Record of July 17, 1961 by Congressmen Walter and Scherer.

Everyone should request the record; you would then be familiar with the background of the author.

We do hope that our bookstores and those that manage these bookstands will make a great effort to see to it that this book will not appear on their stands. Most places do try and make a reasonable effort to maintain high standards regarding this material. But just the same, millions of Americans are shocked by the efforts of some of these book salesmen to deliberately circulate and place these books on the shelves themselves, unknown to the managers of these establishments.

Every American is aware of the fine work that the FBI and the House Un-American Activities Committee is doing. We should all take pride in the diligent and determined fight against internal subversion that Mr. J. Edgar Hoover and the House Committee have been waging. We also take pride and comfort in knowing that the preservation of our internal security remains under the responsibility of Mr. Hoover.

Most individuals have a fair idea of the difference between what is decent and what is indecent and what is right and what is wrong. Remember, your book stand is dependent on the public for survival and this business should service, not dominate.

Mr. Hoover and the FBI, together with the House Committee For Un-American Activities give this country a sense of security. We are proud of them.

Mr. Frank Donner and his pals who plead the Fifth Amendment pose as a very serious threat to our security.

ENCLOSURE

Shocked

Editor, The News:

Informed citizens as a rule become responsible citizens. Evidently Senator Fulbright and the Pentagon don't agree.

Every American should request the Congressional Record of August 17 and read in full the "Fulbright memorandum." It is indeed an insult to the intelligence of the American people.

The Fulbright memorandum is an attack against the "right wing," and also an attack on the Institute of American Strategy. It disapproves of the military men arousing the public about communism. In other words, muzzle the military.

Mr. Fulbright did exactly what the "left wing" wanted him to do. They originally started the movement. In the Daily Worker of June 4, 1961, the Communist Party, in an article by Sam Kushner, made a vicious attack on the top military of this country.

On July 16, Gus Hall, the general secretary of the Communist Party, pointed out to his comrades how much the Defense Department indoctrination program was hurting the Communist Party. He instructed them to comment on their views to Washington. The commies began to work

day and night like they always do when they want to destroy anything.

The Pentagon was delighted to receive it and the result was the Pentagon directive gave orders to curb the anti-Communist talks by the military.

Is this the reason the Department of Defense is now recalling the copies of their film called "Operation Abolition," and substituting the film called "Challenge of Ideas," which should be called the "peep film?" It only gives a short peep of anything worthwhile. It does convey to the people how well off they are and how they should appreciate what they have. The American people realize that, and that is their purpose of showing the film "Operation Abolition" and "Communism on the Map" which the Pentagon has removed.

Just what is the purpose of Mr. Fulbright's attitude — in trying to muzzle the military? Is he afraid to challenge the Communists? Who is he trying to discredit?

One would never realize that the Pentagon and Senator Fulbright would compromise a principle. We are shocked.

To win a war, you never strengthen the weak by WEAKENING the strong and that is exactly what Mr. Fulbright and the Pentagon is trying to do.

Dear Mr. Hoover:

I would like to call to your attention the latest smear of your outstanding organization as well as the House Committee on Un-American Activities.

The cheap paper-back book is entitled "The Un-Americans" by Frank J. Donner (who calls himself a 'Constitutional Lawyer') and published by Ballantine Books of New York.

The book was called to my attention in the October issue of American Mercury via an article by the Hon. Francis E. Walter who outlines the background of the author, citing his many front associations even back to WW II.

As Mr. Walters states, it is "...a volumn which most perfectly embraces and epitomizes the Communist Line and technique in the present energetic program of the Communist Party to discredit a necessary and useful committee of the Congress...."

To fully appreciate the extent to which this booklet goes, on Page 5, we read:

"HUAC is supposed to obtain facts in order to help Congress discharge its legislative responsibilities. Instead, it is charged, HUAC uses the investigative power to attack the witness - " to disgrace private persons," as President Kennedy put it."

This remark was taken out of context from a remark the President made during the 1960 Campaign -- in which he never even mentioned the HUAC.

Contrary to what Mr. Donner seems to think, there are millions of us who are not members of the KKK, White Citizens Council, John Birch Society, American Legion or any other group--but who are deeply concerned over such vicious attacks on the FBI, past and present members of Congress and many patriotic groups who are sincerely alarmed over the extent of Communistic influence.

When we look back at Alger Hiss, Anna Rosenberg, David Greenglass, and other traitors who have tried to sell out our nation, we can only come to one conclusion---it can happen here---and in high places.

I do not know if anything can be done, however, such wild charges should not go unnoticed for this cheap copy is now on the bookstands of America, to be read by our youth - most of whom have not been afforded an opportunity to see the growth of World Communism in action, except in recent times.

While I admit my first hope was that aroused citizens would 'rise up' and demand this trash be shipped back to the publisher, I now feel after reading the booklet that it could well be used as a text book, in conjunction with what has happened in the past---and with what Mr. K. says will happen in the future.

She requested that she be called back regarding the results of her inquiry.

INFORMATION IN BUFILES:

Bufiles contain very extensive information concerning Frank J. Donner, who is the subject of a Security Matter-Communist investigation by this Bureau and who is on the Security Index. Our investigation disclosed that Donner was allegedly a member of a secret Communist Party apparatus for government employees during the period from 1939 to 1942 and conducted meetings of this apparatus in his home during that period. Donner has had considerable contact over the years with CP members and has acted as Defense Attorney regarding CP members and front groups. He has had extensive association with CP front groups. For example, in 1954 he worked in behalf of the Pittsburgh Smith Act defendants. His law partners, Arthur Kinoy and Marshall Perlin, have been identified by reliable informants as connected with subversive movements. Donner appeared before the House Committee on Un-American Activities (HCUA) on 6-28-56 and invoked the Fifth Amendment 33 times when questioned regarding his past communist affiliations or whether he knew certain people as communists. He also pleaded the Fifth Amendment in 1959 when questioned about his CP activities by HCUA. An HCUA document entitled "Communist Legal Subversion, The Role of the Communist Lawyer," published 2-16-59, contains extensive information regarding Donner.

Donner's 1961 copyrighted book, "The Un-Americans," calls for the abolition of HCUA and claims that the FBI gives HCUA enthusiastic endorsement. The Russian News Agency, "Tass," New York City, submitted a review of this book to Moscow on 7-28-61. Tass reviewed the book as one of the most fully documented accounts of the inquisitorial HCUA. Tass referred to the FBI when it stated that "Donner pinpoints the FBI and various Fascist-type, racist and other so-called 'hate' groups work hand and glove with the HCUA." He wrote an article for "The Nation" on 4-10-54 in which he referred to the FBI as a "political police."

Re: CONGRESSMAN FRANK J. BECKER

~~CONFIDENTIAL~~

With regard to Congressman Becker, we have had limited but cordial relations. Most recently, Becker forwarded a copy of the 9-11-61 "Congressional Record" setting forth his statement regarding "Unfair Attack on Law Enforcement Officers." He also inserted in the Record a letter from him to the General Manager and Editor of United Feature Syndicate, Inc., taking issue with recent installments in the "Li'l Abner" comic strip which depicts our Nation's law enforcement officers in a most unfavorable light. Becker was personally contacted by your office and the Director's appreciation was conveyed for Becker's forthright statement in defense of the law enforcement profession.

RECOMMENDATION:

That someone in your office contact Congressman Becker's office and refer them to HCUA files and particularly the HCUA document mentioned above.

In connection with other investigation, a Special Agent of the Los Angeles Office was personally introduced to Mr. BORUN by [redacted], Magazine Buyer for the stores.

b6

Mr. BORUN made available to the Los Angeles Office copies of company records and correspondence which resulted from the inadvertent placing on the magazine racks of the Thrifty Drug Stores of the book "The Un-Americans" by FRANK J. DONNER. *U.S.A.*

Mr. BORUN explained that as a result of having been informed of the harmful character of this paperback book in terms of this country's security interest, he had caused to be returned to the distributors every copy and had advised the distributors of this book as he had advised the distributors of all magazines and books purchased by the Thrifty Drug Stores Company that under no circumstances did the stores wish to offer books of this type for sale. Mr. BORUN stated that he had taken such action with the Ballantine Book "The Un-Americans" in September, 1961 and subsequently in October, 1961 with the character of the book "Jean Paul Sartre on Cuba".

Mr. BORUN stated that the matter of "The Un-Americans" had been brought to his attention originally by one of the customers of his stores, VICK KNIGHT, an executive of Key Records, 7720 Sunset Boulevard, Los Angeles 46, California. Mr. BORUN caused 178 branch stores who might have copies of the book on display racks to place them in the inventory storeroom immediately, call the vendor, and tell him to pick up the merchandise.

Mr. BORUN advised that the present outlets of the Thrifty Drug Stores chain presently total 183, all of which are located in the state of California, except stores at Phoenix, Yuma, Las Vegas, and Eugene, Oregon. Mr. BORUN was pleased to state that as the stores increase in numbers in keeping with their present corporate development program, that this policy of not permitting Communist propaganda to appear on the Thrifty Drug Stores book shelves will be continued.

Mr. BORUN at this point made personal reference to the Director and stated that he had the highest regard and admiration for Mr. HOOVER as a man and as an authority in the field of Communism. He recalled with pleasure on the appearance of Mr. HOOVER's book, "Masters of Deceit", reading that book and "being unable to lay it down".

Mr. BORUN advised that he wishes the Los Angeles Office of the FBI to show no hesitation at any time to seek his assistance wherever and whenever it may be felt that he can help. He further advised that if there was anything he or his company could do, furnish, or act on to assist the Federal Bureau of Investigation, he would be more than ready.

A review of the Los Angeles Office indices shows no information of derogatory nature with respect to Mr. MANNY BORUN. There is a reference indicating over ten years ago that Mr. BORUN had expressed to an agent of this office his personal and company's concern for the

LA 92-New

security integrity of the then large number of Thrifty Drug Stores employees. He at that time stated that the Investigation Division of the Thrifty Drug Stores was conducting private investigation to insure the probity and worth of the company's employees with respect to the issue of subversion.

There is being furnished for the Bureau's information the following:

1. Mimeographed letter from VICK KNIGHT dated 9/16/61 indicating that Mr. BOURN, Thrifty Drug Stores, had removed "The Un-Americans" from the store and encouraging the recipient of this mimeographed letter to write to Mr. BOURN in appreciation.
2. Mimeographed letter from Thrifty Drug Stores Company, Inc., dated 9/15/61 to all magazine and book distributors showing that Thrifty was returning "The Un-Americans" to Ballantine Books and that distributors should know that Thrifty does not wish to offer that book or such books for sale.
3. A similar letter to two above showing similar handling by Thrifty of "Jean Paul Sartre on Cuba".
4. Manager's letter number ten dated 9/15/61 from Thrifty Drug Stores containing the item "The Un-Americans" with instructions to the store managers to remove from display.
5. Manager's letter number 39 dated 10/26/61 which contains similar handling as shown in four above by Thrifty Drug Store on the book "Jean Paul Sartre on Cuba."

Mr. BORUN said that as a result of the reference by Mr. KNIGHT to the action taken by his office on the above titled books, Thrifty Drug Stores Company, Inc., was in receipt of varied correspondence from the public and Mr. BORUN exhibited a tightly packed stack approximately eight inches in height of letters, which he had caused to be bound. He stated these letters were varied in expression but uniformly commendatory of the policy taken by his office. Mr. BORUN said that in opposition of the policy, he had received but two letters which he categorized as derogatory and abusive. Mr. BORUN made available these two letters, which are being handled by the Los Angeles Office in keeping with present security regulations.

It is noted in a copy of the book, "The Un-Americans" on page 296 that the author speaks of the Bureau's concern with the Communist question as follows:

"There may be a headline for some minatory observations of J. EDGAR HOOVER about the "Menace", but, by and large, they create scarcely a ripple in the news."

The current "Webster's New Collegiate Dictionary" gives the meaning "threatening" for minatory.

Mr. BORUN is under consideration as a possible SAC contact in the light of his above indicated desires to assist the Bureau in any way possible. It is believed that as one of the operating executives of a major merchandising corporation in Southern California, that he may be of help in the Bureau's criminal and security responsibility.

A copy of this letter is being furnished to the San Francisco Office for information in view of the interest San Francisco has in the author of the book, "The Un-Americans", FRANK J. DONNER.

FROM: Vick Knight

TE: September 16, 1961

Most of us engaged in patriotic endeavors are adept at writing letters of protest. And that's good, because there's plenty about which to protest.

Equal in importance and impact to registering indignation, however, is the obligation to express gratitude where deserved, to deliver a clear, resounding "thank you" to those who act to support our convictions.

On the basis of the following brief and factual report, I respectfully request that you give consideration to: (a) Writing a thank-you note to Mr. Manny Bourn, General Offices, Thrifty Drug Stores, 5051 Rodeo Road, Los Angeles - and - (b) Patronizing Thrifty Drug Stores, letting the managers and employees know why - and - (c) if you publish a patriotic newsletter, newspaper or magazine in Southern California, publicize the happy facts.

THRIFTY DRUG STORE CHAIN AND THE BOOK
"The Un-Americans"

Immediately after the release of Frank J. Donner's "The Un-Americans" by Ballantine Books, I observed that it was prominently displayed in Thrifty Drug Stores. In one Thrifty outlet, at the corners of Sunset Blvd. and Fairfax Ave. in Hollywood, the display space given the book exceeded by perhaps ten times that of any other book in the paperback racks.

Having been alerted to the situation in advance of the publication date by The American Security Council (Bulletin No. 61-7, July 31, 1961) and therefore knowing the book to be of subversive origin, I protested politely to an assistant manager of the store. He appeared to be quite confused about the issue and suggested that I contact the home office of the chain. Instead, I wrote a gracious but firm letter to the manager of the store, pointing out that while we had no way of verifying our substantial cash purchases at the store, our family's prescription accounts had been with the store for 23 years and could be documented in their files; and that if the store persisted in using its shelves to display and sell Soviet propaganda, I would be constrained to take my business elsewhere.

This letter was posted at approximately 5:30 P.M. on Monday, September 11. In less than 24 hours, I received a telephone call from Mr. Manny Bourn, Thrifty Executive. Mr. Bourn first thanked me for my letter. Then he advised me that he had consulted with his own Security Officer who quickly contacted certain reliable sources which completely corroborated that the book is indeed a tool of the Communist Conspiracy. Mr. Bourn further stated that his staff, working overtime, would, as quickly as possible, contact the 178 branch stores, ordering each store manager to remove all copies of the book from the display racks immediately, place the inventory in the store-room, then call the vendor and tell him to pick up the merchandise.

Thus, 178 little Red Fronts were blotted out and 178 store staffs were alerted to the rising tide of Americanism. Naturally, I tell the story to everyone who will listen. I hope you will do the same. It's a heartening thing to know that an organization as large as Thrifty Drug Stores has acted so quickly and decisively in our behalf. There was no equivocation on the part of Mr. Bourn. He stood up - he was counted - he moved boldly and swiftly in the cause of Patriotism. Let's show him we appreciate it.

Cordially and gratefully,

Vick Knight
